

P.O. Box 3976 Spokane, WA 99202 (509) 456-4604

GREAT NEWS!
BROADBAND INTERNET SERVICE IS NOW AVAILABLE TO YOU!

Internet Expressway is proud to offer you access to high speed internet services at great rates. This is NOT the expensive, poor performing satellite services you may have heard of. This is high speed terrestrial based microwave communications services. And it is now available to you! This service currently covers large areas of Lincoln, Spokane and Kootenai County.

This is a first come first serve offering! Act now for early install.

All orders will be processed in the order they are received. Orders received with deposit take priority. We will mail, fax or hand deliver the service agreement to you depending on how soon you want the service installed. We will contact you to schedule an install on receipt of your signed order if faxed or mailed.

Basic installation of equipment, mounting hardware and up to 40 feet of cable is included in the install fee. Additional equipment or special installation requirements or requests may incur additional costs. (Basic install includes standard power equipment, wall mount bracket, up to 40 feet of cable and one cable termination).

We CAN NOT send a service truck to your location just to see "IF" you can get the service. We will be concentrating our time and resources on customers actually requesting a service installation. If you place an order and we can not provide the service, you will be immediately refunded in full.

- No phone line is needed! Cancel that extra line and save \$\$!
- Instant on connection! No more logging on!
- Static IP, 5 E-Mail Addresses and 100 Mb of personal web space included!
- Superior Customer Service and Local Technical Support!
- Great for Home or Office!

You are receiving this notice because some of your neighbors are already hooked up or new service was just deployed in your area. Act now to get your broadband service installation scheduled!

We are looking forward to serving you!

Sincerely,

IE-WAY
